

Only One Week To Go In Thrilling Daly City Record Bowling Tournament; Winning Team Still Anybody's Guess

One week to go!

It's going to be a battle to the end! The Daly City Record bowling tournament entered its last week of play this week with the prospective winner very, very much in doubt.

Jew Town and Hilltop Lodge are tied for first place with 18 wins and 6 losses each. Right behind them are Hammar's Station, which has won 16 and lost 7, and Bank of America, with a record of 16 and 8.

Any of these teams has a chance to win the Daly City Record trophy that goes to the top team. As if it had been arranged that way, the four leaders play each other this week, and out of the melee will come the winner.

Jew Town plays Hammar's, and Hilltop plays Bank of America. Other games are D. C. Photo vs. Central Creamery and Mission Bell vs. Alert Van.

Adjustments in the standings account for the tie between Jew Town and Hilltop Lodge. Three games Jew Town had won from Daly City Creamery earlier in the season, before the latter team dropped out, have been discounted. Adjustment was made in the standing of Mission Bell and Central Creamery for the same reason.

Upset of the week was the victory of Central Creamery over the Bank of America. The girls took two out of three from the Bank, putting a bad crimp in the latter's chance for the title, though not eliminating it. This was the

"All Out" Theme For Daly City's Memorial Parade

"All Out" is the word for National Defense. And "All Out" is the word for Daly City's mammoth Memorial Day Parade, which will be the longest, largest, and all-around best parade ever held in this town, according to B. J. Sendner.

Sendner is chairman of the Memorial Day Committee of Old Glory Post No. 2044, V.F.W., which is sponsoring the patriotic observances.

Announced as leader of the parade was Police Chief James G. Reardon. He will start the parade promptly at 10 a.m.

Joining the parade in their automobiles will be the civic governing body, the five members of Daly City council. Judge Wade H. Clay has also accepted an invitation to be in the parade.

Sendner has issued a blanket invitation to all Daly City and Colma merchants to drive their vehicles in the procession. Cars and trucks may be decorated or not, as the owner feels inclined.

The parade will start winding its lengthy way at Mission and

Fire Chief Chesney

Leader Stresses Economy Of Fire Dept. Program

Giving examples of the cost of the proposed bond issue to individual property holders in Daly City, Fire Chief A. P. Chesney this week stressed the economy of the measure.

The bond issue, which is for the improvement of Daly City's Fire department, is planned to be for \$40,000.

According to Chesney, "This indebtedness of \$40,000 plus interest will be spread over a period of ten years. The cost to the individual property-owner has been estimated at less than nine-tenths of a cent per dollar, or 90 cents per thousand dollars of assessed valuation."

Over one-third of the homes in Daly City are assessed for less than \$1000, according to the fire chief's statement.

"A home assessed at \$750 would call for a payment of 67½ cents a year for ten years. Assessment of \$1000 would cost 90 cents a year; \$1500 would cost \$1.35 a year," said Chesney. "From these figures may be estimated the cost of the bond for property of any valuation."

Beside the replacements in fire trucks, which last week was asserted necessary by the fire commissioners, a new steel hose and drill tower will be constructed with money derived from the proposed bond issue.

"The tower will be used for the drying of hose," said Chesney. "In our present method of drying, we cannot prevent rotting. This rotting would be averted for a much longer time if we were in possession of a steel drill tower."

Local Children To Enter Contest

Under the direction of Police Chief James G. Reardon, a class of twenty Crocker grammar school children are preparing to march and drill in the Safety Patrol program, Saturday, May 24, in San Mateo.

In order to bring to the public's attention the work of the Schools of Safety Patrol in the county grammar schools, the Peninsula Police Officers' association of San Mateo county has arranged the first of a series of annual programs for children from throughout the county.

Three trophies will be awarded for the best drill teams. The approximately 1100 children will march from North B street and Baldwin to the Baywood theater. On the reviewing stand in front of the city hall will be Mayor J. J. Fahey, Reardon, Mayor Frank P. Simmen of San Mateo, and all

Mrs. Lela Campbell

Webster tells us that ingenuity is "the quality or power of ready invention."

For anyone who wants a less bookish definition, however, we might add that ingenuity is "what Mrs. Lela Campbell, 262 Crocker avenue, has plenty of."

Mrs. Campbell, until recently a recreation leader with the Daly City WPA Recreation department, is earning a well-deserved reputation throughout the entire county for her fascinating doll-making.

Last week, her entire collection of dolls was on display at the Redwood City library. One, "Whistler's Mother," was given choice place as a Mother's Day exhibit. This week, Edmund's Beauty Sa-

Together these aquatic boys and girls make a perfect star, and every one of them is going to be a star in the elaborate swimming pageant, to be presented by students of Jefferson Union high school tomorrow evening at the high school pool, at 7:30 p. m.

This is the first time such an "aquacade" has been presented in Daly City. There will be a style show, swimming formations, floating formations, life saving, diving, and many other features, all accompanied by music by the Indians of Rhythm.

The public is cordially invited and is promised an unusual, colorful, and thoroughly enjoyable show.

Mayor John J. Fahey issued a proclamation, Monday, that Sunday, May 18, will be observed in Daly City as "I Am an American Day."

The text of the proclamation is as follows:

"Following the leadership of the President of the United States, I, John J. Fahey, Mayor of the city of Daly City, California, do hereby proclaim Sunday, May 18, 1941, as 'I Am an American Day.'"

"I further urge the citizens of the community to attend the program honoring those young men and women who have reached their majority during the past year and those who have become citizens by naturalization. This program, sponsored by the Twenty-sixth District, American Legion, will be held in the Burlingame high school auditorium at 2:30 p. m. Sunday, May 18."

Signed, John J. Fahey,
Mayor, Daly City.

The mayor issued this statement at the regular meeting of the City council, Monday evening.

Other business included the acceptance of W. J. Sweeney's bid to supply the city with a new police car. The cost to the city, less insurance compensation, will be \$397. The new police car will be a Studebaker Commander, 1941 model. Police Chief James G. Reardon suggested that the most satisfactory color would be gun-metal.

First reading of an ordinance for the purpose of annexing unincorporated property was heard, since there had been no protests against the resolution previously passed, April 21.

The annexation will be a little over three acres in area and will be near the intersection of theirs and Abbey streets. It will be called Block 10, Abbey homestead.

The ordinance calling for a bond election to improve the local fire department had been taken by City Attorney R. A. Rapsey to a San Francisco bond house for scrutiny. Some slight changes in wording were suggested. It will be presented to the council next Monday. Forty days must pass between the passage and the election, according to Rapsey.

The contracting bill for work done on Acton playground was presented, amounting to \$945, and was ordered paid.

The Women's Page

My Week by Eleanor Roosevelt

Through the West

In Los Angeles, we listened in a pleasant living room to Mr. Winston Churchill speak, so many thousand miles away. One must admire a man who can trust the people of his country so completely that he can tell them stark naked, cruel truths unafraid. That quality of courage is a kind of challenge which calls to the very depth of other human souls. Mr. Churchill can use the English language so that it rings and pounds the emotion behind the words into your brain. He knows the value of contrast. Though it is years since I have read the poem which he quoted, I can think of none better to fit the occasion. When all is said and done, however, what remains with me is his stark sincerity and indomitable courage.

At 12:30 we hurried down to the NYA center to see a colossal and fine statue of the President.

Miss Thompson and I lunched with Mrs. Jerome Schneider and my daughter-in-law, Romelle. In the afternoon many people came to the Melvyn Douglas' house for tea. The patio buzzed with conversation and for me it was most exciting. To meet and talk with people whose work one has long admired is always a thrilling experience.

Meeting James Hilton, Burgess Meredith, Mary McCall, Dorothy Parker and many others actually in the flesh, was an experience which I had never hoped to have. To know that many of the people who were here had worked in the last campaign for the President and that most of them believe in what he stands for, was most inspiring.

FRIENDSHIPS

So often you have to be glad because of your friends. I kept saying to myself, even if some programs are wrong, the ideas in back of them must be right or the people wouldn't be with us in the fight for democracy.

It was particularly nice also to see again some familiar faces. Mrs. Marc Connelly, who was so patient in the broadcast which I had the fun of presiding over in the last campaign; Dr. and Mrs. Thomas Mann, whose short time with us in the White House was such a pleasure; and our old friend, Mr. Eddie Dowling, who is here acting in the play, "Time of Your Life," which we enjoyed so much last year in New York.

After dinner, we went over to Mr. Walt Disney's studio and he was kind enough to show us some of the work he is doing for defense. I liked particularly the drawings before they reach the color stage, and was very glad to find one artist at work in the studio and to see what the process of making these drawings really means. These cute little figures may teach us many lessons in the future, as well as provide the entertainment on which we have come to count.

One day we lunched with Mr. Herman Lissauer and the board members of the Modern Forum. I had an opportunity to talk for a few minutes with a representative of the Y. M. C. A. who is considering some youth broadcasts.

In the afternoon, the members of the National Youth administration advisory committee met here and the NYA Symphony orchestra played for us on the patio in back of the house. It was a wonderful setting and I very much enjoyed the picture spread out before me as well as the music. The way in which the young musicians coped with a wayward wind, which came up and blew their music around, inspired everyone's admiration.

GOVERNOR OLSON

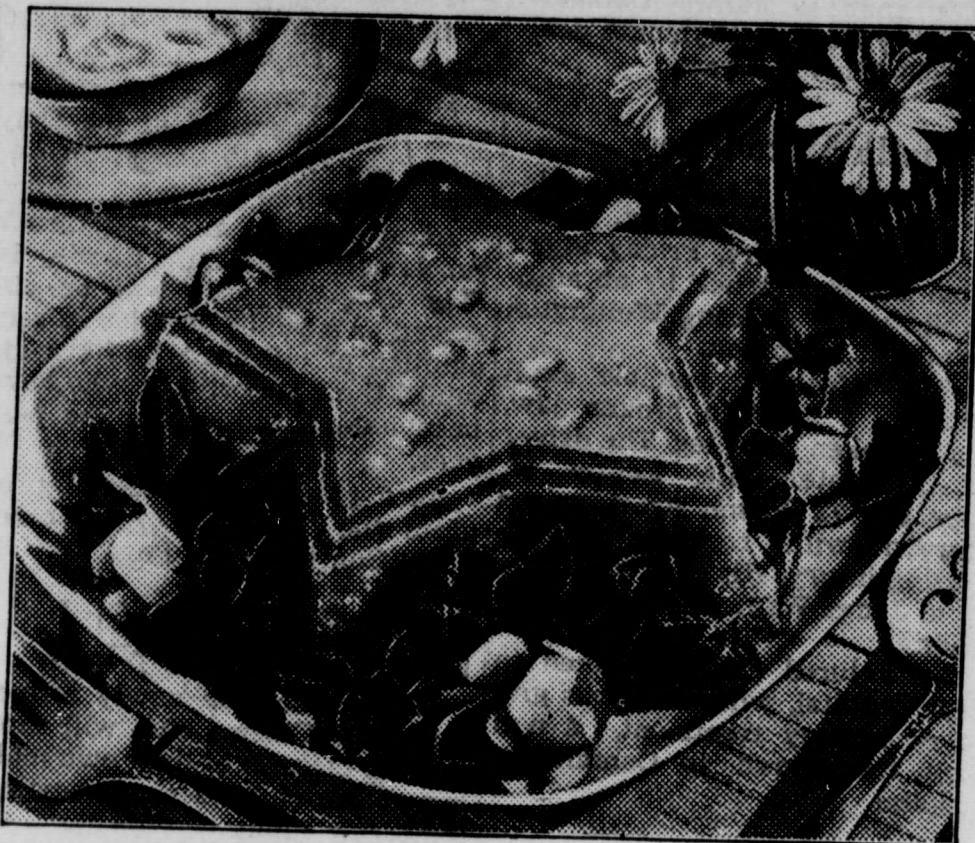

Governor Olson of California spent a little while with us, so the young people had a chance to meet him. I was particularly touched at his taking the time to come during such a busy period. He remarked that the state of California is a big state and its affairs could keep one on the go every minute.

I was glad of an opportunity to talk with several people quietly at the end of the afternoon. Then we

Loudly we hail JELLIED DISHES for the main course in the meal

Dorothy Greig

WHEN the first warm sunny days of the new season burst upon us, that's the time to come out of the kitchen, mother, and get your share of sniffing the beautiful flowers. A jellied dish is the way to manage it. Early in the day we

Jellied Shrimp and Vegetables in a star shaped mold is an inviting dish for a warm day.

will jelly our chicken, fish or meat dish, tuck it away in the refrigerator and forget it. Then at meal time, just open a can or two of soup, add an equal quantity of water, heat and serve it as hot first course to the meal—to be followed by our jellied meat dish.

A suggestion for just such a hearty jellied main course dish is this one. It is filled thick with shrimps and cool crunchy pieces of celery and cucumber, all in lively-flavored tomato jelly.

Shrimp and Vegetables in Lemon-Tomato Jelly

- 1 package lemon jello
- 1/2 cup boiling water
- 1 can condensed tomato soup
- 1 1/2 tablespoons lemon juice
- 1 1/2 tablespoons vinegar
- 1/2 teaspoon salt
- 2 cups shrimps
- 1 cup celery, chopped
- 1/2 cup cucumber cubed

Pour the boiling water over the lemon jello and stir until dissolved. Then add the tomato soup, lemon juice, and salt and chill until slightly thickened. Fold in the shrimps, celery and cucumber. Pour in a mold. Chill until firm and serve with mayonnaise dressing. Serves 8.

The following jellied loaf is beautiful to look at and beautiful to eat.

I had an early and very peaceful family dinner and a drive down the hills into the city for the lecture. I was amused by all the precautions taken because of one threatening letter. After all, even if anyone should be foolish enough to try to create any excitement, so little would be accomplished.

Los Angeles is a friendly city and it was nice to have a word with so many people as I went in and out for my lecture. I shook hands with as many people as I could in passing by. The mere expression on their faces showed that they felt kindly toward me, and many sent messages to the President.

In Los Angeles, I visited Judge Shontz's court. It is a court of the little people who have claims for sums of money under \$50. I found it very interesting sitting beside her listening for a few minutes to their problems.

We went back to Mrs. Douglas' in time to see a really remarkable collection of craftwork done by the Mexican-American youngsters in NYA groups. Though weaving and ceramics have only been taught for three months, they would be a credit to workers of much longer experience.

Last Longer

Slip covers will keep longer if the tops of the arms and the head rests are covered with pieces of the same material. The pieces harmonize if cut so that the design matches that against which it is placed.

—the sort of dish we take real pride in serving.

Jellied Ham-Chicken Loaf

- 2 tablespoons cold water
- 1 tablespoon gelatine
- 1 can condensed consommé
- 1 can condensed Madrilene
- 3 tablespoons lemon juice
- 2 cups ground cooked ham
- 1 cup ground chicken
- 4 tablespoons mayonnaise
- 1/4 teaspoon salt
- 1 pinch pepper
- 3 eggs (hard-cooked)

Sprinkle the gelatine on the cold water and let soak for at least 5 minutes. Then dissolve with the hot consommé Madrilene and add the lemon juice. Pour 3-4 tablespoons of this jelly in the bottom of a loaf pan (7 1/2"x3 1/2"x3") and let it partially set, then garnish with rings of stuffed olives, pimiento or hard-cooked egg slices and set aside until firm. When the remaining consommé Madrilene is partially set add the ground ham, ground chicken, mayonnaise, salt and pepper and mix thoroughly. Put 1/2 of meat mixture in the bottom of the loaf pan, put in the three hard-cooked eggs, arranging end to end through the center of the loaf. Cover with the remaining meat mixture and put into the refrigerator until set. Turn out on cold platter and garnish with greens. Serves 6-8.

Margaret Barrick, honored queen, explained the Job's Daughters' code. Prayers were led by Bethel chaplain, Cathryn Shaw, and vocal solos were rendered by Doris DeVol, senior custodian.

Eastern Star Plans Annual Pillow Whist

Members of Crocker Chapter No. 382, O. E. S., today invited the public to attend their annual pillow case whist, Monday evening, May 19, at Masonic hall. In charge of the event are members of the C. C. Sewing club and all 1941 officers.

The committee announces that a cash door prize, as well as a prize for every table, will be awarded. Playing will begin at 8:30 p.m.

Local De Soto People Win Large Cash Awards

Heading a contingent of prize-winning associates and employees who returned to the city early last Tuesday morning was James E. Donahue, Daly City De Soto-Plymouth dealer.

Among the group that had just attended the spectacular victory banquet at the Palace hotel in San Francisco, where the large cash awards were made, were five employees and Donahue.

These awards were paid to the local people for outstanding sales work in the mammoth \$50,000 sales contest sponsored by James F. Waters, world's largest De Soto-Plymouth distributor.

Cash awards from the sales contest, largest in motor car history, are in addition to employees' regular remuneration.

"Enthusiasm for the contest, coupled with the swing to quality cars represented by De Soto, has made everybody a winner," said Donahue.

Mrs. Campbell Makes Attractive Dolls

(Continued from Page 1)

lon, 706 El Camino Real, Redwood City, is showing the dolls.

Mrs. Campbell's dolls are real "characters." She makes them from the inside out. These are no quickly dressed, all-alike store dolls. American fashion history has been represented in one group; nursery rhyme characters in another. The third major group includes dolls of all nations. Pictures in books have been the models for her dolls, all of which are truly representative of their type. Their costumes lack no details of the native dress. All this is true despite the fact that Mrs. Campbell has used only scrap material in her work . . . scrap material and a nearly uncanny ingenuity.

The bodies are stuffed with kapok, the faces are made with

stockings. The features are embroidered to make dimples, slant the eyes and give them each the stamp of individuality.

Mrs. Campbell, well-known to hundreds of local children, has taught doll-making for the past several years on the Recreation program. Here was the beginning of her hobby, which she hopes to see grow into a worthwhile business. Reporters aren't supposed to predict anything but we just bet that Mrs. Campbell is slated for success with her project.

In case you are wishing you could see these charming dolls, relax. You won't even have to travel to Redwood City. Soon Mrs. Campbell will display them in the show window of Henry Warshawski, 6340 Mission street. Watch this paper for the announcement of the dates.

Also receiving treatment at Junipero Serra was W. A. Banfield, city poundman, who was bitten on the hand by a cat. It was feared that the cat had rabies, and the animal is under observation.

School Children

To Dance This Friday

Grammar school children will have a chance to practice their fox-trots, waltzes, rhumbas, tangos, La Congas, or what-have-you, this Friday evening, at General Pershing grammar school.

The popular twice-monthly dances, resumed this month, are sponsored by the General Pershing P. T. A. and are under the supervision of the Daly City WPA Recreation department.

All grammar school children are welcome to come, according to recreation officials, and many are reported taking advantage of the opportunity to dance.

mony will be held at Burlingame high school, Sunday at 2:30 p. m. The program is for all young people who have reached the age of 21 between May 11, 1940 and May 11, 1941.

The local American Legion post will supply transportation of persons coming in this age classification to Burlingame, Sunday. Those wishing to go will meet on that day at 1:30 p. m. at Legion hall, 474 San Diego.

The program will consist of patriotic exercises, including reading from various Federal documents, singing patriotic songs, and speeches on the importance of citizenship in the United States. Certificates will be awarded to all the "new" citizens at the meeting, recognizing their "coming of age."

Park Committee Sends Out Letters

Forty-one letters have been sent out by the Park Dedication committee, inviting organizations to join in the parade and in the ceremonies, June 8. Mrs. Drew Eason is in charge of sending out the communications.

The letter reminds the recipients that Daly City has been incorporated thirty years this year, and that the dedication ceremonies are in recognition of the anniversary.

The parade will begin at 12:30 p. m. at what is now called Acton park and will finish at the park currently styled Vista Grande.

Everyone who has been a resident of Daly City for 25 years or more are considered "Old Timers," and according to Councilman Henry Sundermann, chairman of the committee, each of these civic veterans will be presented with a flower at the ceremonies, and will sit in a section reserved for his group.

Those who are "Old Timers" should communicate with Mayor J. J. Fahey, DElaware 2981, or with the Daly City Record, RANDolph 3215.

A speech is planned, which will recall the history of the community and the place of early citizens in it.

Geniuses Were Dull

Most of the world's geniuses were not bright children, but were queer, dull, or shy, according to Dr. George Sartori of Carnegie Institution of Washington, recognized as the leading historian of science.

Whist To Benefit Our Lady Church

Ladies whose last names begin with "L" and "M" will be in charge of the benefit whist for Our Lady of Perpetual Help church, Friday evening. The party will be held at Masonic hall at 8:30 p.m. The public is cordially invited.

A cash first prize and other attractive awards are to be made. Score cards are nominal in price.

Acton, and has as its goal Vista Grande park, where the ceremonies will include the Jefferson Union high school chorus, singing the "Lord's Prayer". The music will be under the direction of Oscar Busch.

Small flags and Buddy poppies will be carried by the school children, marching en masse. At the park they will strew the poppies on a replica of the grave of the Unknown Soldier.

It was announced that South San Francisco will add several sections to the procession, including the South San Francisco Industrial City band, and the Independence, a Mexican boys' drum corps.

Two platoons of sea scouts, representing the peninsula district, will also be on hand, according to latest information. Officials invited from South San Francisco include Judge L. G. Hardy, the city council, and the police and fire chiefs.

All organizations that wish to join the parade are asked to communicate with Sendner. Call South San Francisco 690.

Dental Defects

inated by treatment by army dentists. The minimum number of teeth necessary to pass examination is three pairs of masticating teeth in the back part of the jaw and three pairs in front.

Dental examiner for the local draft board is Dr. Herbert E. Grieb, who is taking care of those classes 1B and 4F needing re-examination. Class 1B includes those rejected for some slight physical defect; and class 4F includes persons with something more seriously wrong with them physically. It has been found that the biggest cause for rejection on physical grounds is bad teeth. For this reason the army has changed the requirements.

Lawrence Dilly, of the State employment service in South San Francisco, stated that there is a shortage of machinists and experienced welders among the defense industries in this area. He spoke to the local draft board at its weekly meeting, Wednesday.

"Road Show" Opens At D. C. Theatre Tomorrow

Hal Roach's latest comedy production, "Road Show," which is slated for its local premiere at the Daly City theatre, tomorrow, through United Artist release, has a cast which boasts no less than nine of the top-flight names in film comedy. This impressive line-up includes Adolph Menjou, Carole Landis, John Hubbard, Patsy Kelly, George E. Stone, Charles Butterworth, Polly Ann Young, Margaret Roach and James Arthur. In addition, "Road Show" introduces for the first time on the screen "The Charioteers," the immensely popular radio team which makes its screen debut singing a group of Hoagy Carmichael tunes written especially for the picture.

Other funsters in the cast include Patsy Kelly as a fake Indian Princess; Margaret Roach as Priscilla, siren of the carnival; George E. Stone, the pint-size comic, who is seen as a full-blooded Brave in love with Patsy; and Polly Ann Young as a jilted society girl.

Companion feature on the new three-day bill will be "Three Men From Texas," a Hopalong Cassidy drama.

RALLY

Jefferson's Jack - of - All-Trades added another feather to his cap, as he brought the student body to its feet, Friday.

Yes Sir! absolutely beyond doubt the best rally of the year, was the conclusion of the entire assembly. Roy DeVincenzi, author of Friday's masterpiece, deserves a bouquet. As long as bouquets are being handed out, Tillie Castro, yell leader, deserves an extra large one for the fine work she did at her first assembly.

From all your reporter could gather, "Down Jefferson Way" was not only written by Roy, but was coached and directed by him as well. He brought the house down with his impersonation of Carmen Miranda.

Other characters taking part in the skit were: Jennie Giusti, girl from Havana; Ester Hanel, girl from Hawaii; Gloria Bigazzi, boogie woogie washer woman; Melba Frei, girl from Persia; Judy and Daisy Yonan, Spanish girls; Robert Grimes, and Howard Viera, Indians, and Tillie Castro, spirit of Jefferson.

Also adding color to the rally were the new yell-leaders. Tillie surprised the students by appearing before the assembly in a new yell-leader's outfit. It was composed of a purple satin skirt lined with gold, topped with a white sweater. It certainly looked chic.

Helping Tillie with the yells were her assistants, Pamela Yorkman, Jack Hickey, and Bessie Pstrikas.

SENIOR JINX

Hurry! Hurry! The big day is almost here.

For just a small sum you will see a hundred seniors turned into kiddies, view Henry Aldrich and Walter Winchell at their best, portrayed by—Ah! that's a secret. Squire De Dumbhead, the villain; Sylvia Solvonamice, heroine and Archibald Quingle, hero, are just a few of the famous characters to parade before you.

Rounding out the program will be skits, novelty dancing, music and comedy acts.

The senior class today extended an invitation to the public to attend this amusing, madcap show. Tickets can be bought from any high senior.

C. S. F.

At last Wednesday's meeting, Sigfred Hansen, public speaking instructor, presented the members of the honor society with several interesting poems.

At the close of the regular meeting each student donated a small sum toward the Seymour Memorial Fund. This fund was started in memorium of the founder of the society, Mr. Seymour.

ASSEMBLY

Yesterday, Jefferson students had a preview of what romantic Hawaii is like. It was the first pay assembly of its kind. The students were more than satisfied they received their money's worth when Freeland's Hawaiians presented them with a musical program. Soft strumming guitars, picturesque atmosphere and gay colored native costumes were all combined in a short half hour of musical entertainment.

NATURALIST SOCIETY

Newest organization at Jefferson, the Naturalist society, got under way with a bang last week. The members presented Robert Wind who spent two and a half years on a research expedition in New Guinea, to the student body.

Wind showed several films of New Guinea and life among the cannibals.

Music

Jefferson's Indians of Rhythm are known throughout San Mateo and San Francisco counties for their fine band. Friday evening, members of the Salesian Boys group made a special request for the band members to give a command appearance.

The entire group of over fifty students played for their dance and program. The Indians of Rhythm furnished the dance music from 8:30 p. m. to midnight. During intermission the Cowboy band hit up a couple of hot "ho-downs."

The club is composed of boys from North beach and is sponsored by the San Francisco News. Last night, Lembi's entire unit played for the Exchange club at South San Francisco.

CHORUS

Under the leadership of Oscar Busch, the Jefferson Union high school chorus will render several selections at the Daly City Memorial Day program, May 30.

The group is also preparing for a musical show to be presented to the student body, May 28.

Busch's school band played several snappy marches at the first big rally of the semester, Friday.

Houses for Poor

Benjamin Mason, Philadelphia Negro, on relief, won \$150,000 in an Irish sweepstakes, and promptly took his winnings and put them into a housing project for 71 families, thus replacing a slum block. The Housing authority advanced the remainder of the money.

Perishable Baking Powder

Baking powder is a somewhat perishable product. If overexposed to the air moisture is absorbed. It should be kept in a tightly closed can and in a cool, dry place.

Campus Fashions

That "once in a life time" is almost here! Yes sir, to be exact it is just three weeks from Friday. If you're wondering what this is all about, it's the Senior Ball.

With all the glitter and thrill you're anticipating when you're dancing at your own senior ball, with that certain Mr. Someone, comes the thought of what will be appropriate to wear. You don't want just a formal, you sort of want something that is going to make you look like a queen.

This year's formals for young girls are certainly eye-catchers, and just the thing for the biggest date of your high school career.

A darling will-o'-the-wisp is an eyelet embroidered gown. The eyelet material is combined with crisp skyblue taffeta, which will make you catch your breath at its daintiness. The yard-wide skirt of eyelet embroidery is duplicated in width by an under-skirt of chartruese taffeta which trims the skirt, midriff and little cap sleeves. As you walk, the taffeta rustles and makes you think of whispering soft breezes.

For the more alluring type a cotton pique in navy and white is just the thing. It is fashioned with a square neck and low back. The square neck line is trimmed with white, and the tiny princess puff sleeves are of blue. The bodice is tight-fitting; the skirt, very full. A white inset of material is set in about ten inches from the floor.

This week's campus Miss is a cute little trick. When all Jefferson was going around panting from the heat our little campus queen was cool as could be in a darling sailor-boy outfit. The dress was fashioned out of summery blue polka-dot on a white field.

When asked her opinion on the "Senior Ball" she smiled, showing a big dimple, and with twinkling eyes stated—"I think it's simply wonderful." It seems she has been looking forward to the senior ball for some time. Even though she is just a high junior, she still thinks it's the biggest thing of the school year.

Her pet peeve is girls who are rowdy; saddle shoes rank first as a pet like; hobby No. 1 is saving charms. Her eyes are a pure blue and she has a peaches-and-cream complexion.

Carmel Robin is the name of this week's one and only, so to you, Carmel, goes this week's fashion bouquet.

KINDERGARTEN

This week the boys and girls in Jefferson's kindergarten are working with modeling clay. Some are making bowls and ash trays, while others are working on animals of various kinds.

"The process is an interesting one," remarked their teacher. "After the children have modeled the clay into the desired object, they let it dry on sheets of paper for two or three days. After this step is completed they use the Kalsomine paints and paint the objects various colors. They shellac the finished product in order to make the color permanent."

SEVENTH and EIGHTH

"Our America" is the slogan used for the bulletin boards in the seventh and eighth grades.

The students are busily engaged preparing their reference material and songs for "I Am An American Day," which has been designated by President Roosevelt as May 18.

Copies of our two great American documents, the Declaration of Independence and the Constitution of the United States, have been mounted in patriotic colors and given a place of honor on the bulletin board.

"The students will have a better appreciation and understanding of the rights and privileges granted to American citizens. A greater love of country and a more fervent spirit of patriotism is the aim of these two grades," explained the teachers.

(Continued from Page 1)

First time Central Creamery has taken two out of three games from another team.

Jew Town had a tough time beating Stockton Lumber 2-1. Scores were rather low. Hilltop beat Mission Bell 2-1, winning the first game by a single pin, 889-888. As if that wasn't close enough Hammar's Station and Independents each took a game from each other and then played a tie game, 752-752. This game will be played off this week. Stockton Lumber was the only team to finish their total 27 games last week. They won 11 and lost 16 during the tournament.

Plan Peninsula Boxing Tournament

When the first annual Peninsula amateur boxing tournament is held at the San Mateo junior college gymnasium, May 19, 26 and 30, Daly City will have a team sponsored by the Hilltop Lodge.

Jimmy Crudo of the lodge, who fought under the name of Mickey White 'way back when, has informed Promoter Maury Schwarz that he will have at least two local boys in the competition, possibly more.

Amateur fighters from the entire Bay area are preparing to enter the San Mateo tournament, which will really be "two tournaments in one." Most of the Peninsula boys will enter the junior novice class and the best talent available in the Bay area—and there is plenty—will be found in the open division.

Teams and unattached fighters are expected to represent Daly City, South San Francisco, San Bruno, Burlingame, San Mateo, Belmont, Half Moon Bay, San Carlos, Redwood City, Menlo Park, Palo Alto, Mountain View, and Sunnyvale. Several San Francisco, Oakland and Berkeley clubs have also promised fighters.

If the tournament is a success, Schwarz plans regular boxing shows at San Mateo, giving fighters who enter the tournament a chance to develop and the fans regular boxing fare.

other mayors and police chiefs of San Mateo county cities. Represented will be the county board of education, the board of supervisors, the San Mateo Traffic Safety commission, the California Highway patrol, and the California Automobile association.

Members of the Daly City police force will march in the parade, it was stated.

After the drills and judging the grammar school children will attend a show at the Baywood theater, which will be followed by free ice cream.

Saturday was a big day in the lives of Tommy and Ruth Davidson. They were honored at a joint birthday party, with more than thirty of their classmates from Crocker school in attendance. The party was held at the Davidson home, 581 Hanover street.

Games, dancing and an amateur program were highlights of the afternoon. Refreshments were served in a room gaily decorated with red, white and blue streamers. Each child had at his place a small American flag.

no WORK
no WAIT
no WASTE

when you use an
AUTOMATIC
GAS water heater

It is part of modern living to have "on tap" hot water. Trotting to the basement or porch to light a water heater and then trot back and pat the tank is outmoded work and a waste of time. And a steaming tea kettle on a stove is a sign of heat going to waste. Homes today should have hot water automatically on tap in kitchen, laundry and bath. One of the best and cheapest ways to have this modern hot water service is to put in an Automatic Gas Water heater.

You will like the service an Automatic gives you. You will like its constant supply of hot water at uniform usable temperature. You will like its low operating cost because heating water by the tankful is cheaper than "job-lot" water heating.

Put your home on a par with the new homes everywhere which have the salable feature of Automatic hot water. Buy a quality water heater. Select the correct size for your family needs. Buy on the easy purchase terms that are available.
